

HE WILL FIGHT FOR CANDIDATE

La Follette Forgets Declarations On Federal Interference. Enters Campaign.

WILL HELP HIS FRIEND, MR. COOPER

Is Also Expected To Use His Influence In The Second Ninth, And In Milwaukee For The Benefit Of His Cochems.

[SPECIAL TO THE GAZETTE.] Madison, Wis., July 27.—Davidson and Connor held a conference and decided upon their plans of campaign. Not only did they meet to discuss campaign projects, but they also had a love feast of all their immediate doubtless visit is the first, comprised given backbone to the Davidson-Connor faction and from now on they intend to fight Lenroot with the weapons that Lenroot fights them with. No fear is instilled in their hearts by the announcement that La Follette is to take the stump for Lenroot. In fact they seem to prefer that he would. The sight of a United States senator, the author of the great primary bill, the man who declared that this law was for the people alone, who deplored and criticized and condemned the federal office holders who took part in previous campaigns appearing on a campaign platform giving the lie to his own former "virtuous statements" will help Davidson.

His Plans.—You can arrange any date for me that you see fit for the second week of August and from that time on until the day of the primaries. I am ready to make five speeches a day for Mr. Lenroot if you can arrange the time and places so that I can get to them. This is the statement credited to the governor and present United States senator of Wisconsin, Robert M. La Follette. This is the man who deplored federal interference in state politics. This is the man who forced the primary law down the throats of the public that their will and their will only should be recognized. Either the law is faulty, either the senator did not mean what he said when he pronounced about the stage or spoke from the farmers' wagons and shouted that federal interference in state politics is a crime, or the law is made to suit the case at hand. Governor Senator La Follette met Mr. Lenroot at Allis. He told him, or is reported to have told him, what is printed at the head of this paragraph. La Follette is a fighter. His worst enemies give him credit for that. He is a planner, a manipulator of public opinion. For the past six years he has been successful in his campaign. If he succeeds in his present attempt to compel the people of the state to accept his choice, Irving Lenroot, the Superior stenographer, his tool and personal creation, for the republican nominee for governor he will have created a new era in Wisconsin politics.

Congressional Fights.—It is expected that in his speeches for Lenroot the senator will also take a dig at certain congressmen seeking renomination or candidates who desire to succeed present congressmen not to his liking. This is expected to be part and parcel of his proposed speaking campaign for his "pigeon." Prominent among the districts he will doubtless visit is the first comprised of Kenosha, Racine, Rock, Walworth, Green and La Fayette. Here La Follette is said to be in progress. A battle royal is said to be here. La Follette has held the office of congressman for a difficult fight on his hands. Thos. S. Nolan, of Janesville, seeks the nomination. Mr. Nolan is a former strong supporter of Cooper. Four years ago when Cooper was doomed for slaughter by the La Follette element, when they selected Victor P. Richardson of Janesville as their instrument, Mr. Nolan, Chas. Ingersoll, M. G. Jeffris, and others stood loyally by Cooper, and at the convention held in Janesville defeated the plan.

Once More.—At the Monroe convention two years ago these same men stood between Cooper and defeat. While not in entire sympathy with his attitude on certain leading state questions they had pledged their support to him and were loyal, even at the expense of their own popularity. Now Mr. Nolan seeks the nomination for himself. His backing is said to be exceptionally strong. Almost an eleven hour candidate he will, long be remembered in Wisconsin politics of the first district. The district is republican and nomination means election. La Follette has made himself unpopular by his vote on the Philippine tariff measure, favoring a competition of cheap Malay labor against good honest American farmers. He has also endeavored to throw down personal friends and political adherents to suit the will of the junior senator. In Delavan he appointed a fair-minded democrat, At Geneva it is alleged that the postoffice appointment was offered for a consideration through agents of his. In Beloit no appointment has been made although the office has been vacant for over six months. Three men are after it. Ingersoll, old war horse of his cause, present postmaster, Worthington, editor of the Daily News, and Dowd, a manufacturer. Dowd's friends claim they have Cooper's verbal promise. Worthington is sure of the appointment and friends of Ingersoll claim to have a personal letter from Cooper to the effect that Ingersoll is the man.

No Distinction.—It is fully expected that La Follette will have something to say on this situation. Cooper spoke for him two years ago and it would be base ingratitude for him to neglect an opportunity to repay the kindness at this time when Cooper needs all the help he can get. In the second district Senator La Follette will certainly help his friend and advisor John Nelson against Dudgeon who was thrown out of the legislature two years ago because he refused to bend to the will of the executive chamber. In the third will come in for Babcock in the third will come in for his share of trouble in the third and the fourth and fifth in Milwaukee where Young Cochems, seeks the voice of his congressional spouse, the voice of his friend and follower. The ninth where "Minor" lives is also a possible lightning ground. La Follette wants to defeat "Minor" and so does Stephen. La Follette and Stephenson are said to be at the parting of the ways over the state fight. If La Follette can keep Stephenson in line he will take away a powerful aid from the Connor-Davidson crowd.

"PETTICOATS AND SHORT SLEEVES MUST GO," SAID LECTURER AT UNIVERSITY

Peek-a-Boo Waists Are Also In The List Of Creations To Be Tabooed By The Ladies.

Madison, Wis., July 27.—"Petticoats and short sleeves must go and peek-a-boo waists with them," declared Abby Shaw Mayhew, dean of the women and professor of physical culture at the University of Wisconsin, addressing a summer session class at Chaboussier hall. "We will never be free so long as we wear petticoats," she declared. "Women will never have perfect freedom in dress until she wears something like the gymnasium costume. I am not advocating that for the present day, but

perhaps in a century we will grow up to it." Miss Mayhew discussed fads in dress of women, condemning half sleeves, low necks, peek-a-boo waists, corsets, spats and round garters. "It is a scandal for women to wear the half-sleeves so early in the season as they do here at the university," she said. "A great many diseases are caused by women piling up thick masses of clothing on the trunk and going bare on the limbs and chest. Waist and skirt should be hooked or buttoned together, not pinned. I never use pins."

HEADLESS CORPSE FOUND IN A FIELD LATER IDENTIFIED

Man Is Decomposed—Trunk Was Found—His Head Is Discovered in a Field. [BY ASSOCIATED PRESS.] Leavittsburg, O., July 27.—The headless body of a man was found near here today in a berry patch and the head later found in a nearby hayfield. The body and head are badly decomposed. In the pockets were found letters showing the man was Albert Kennedy of Ellis, Mo. He had recently been living at Mauda, where a brother resides. Kennedy is known to have had \$300 just before his death. Only seventy-five cents and a silver watch were discovered in the pockets of the dead man. Kennedy went west a few weeks ago to sell his farm and intended to bring his daughter to Ohio with him. If the daughter accompanied him she has disappeared.

SLACK MINE WORKING THE BIG NEW ENGINE

Investors in This Project Much Pleased With the New Equipment. Frank H. Baack, who has been out in the Plattville mining district for the last couple of days looking over the new mill which has just been installed in the Slack Mine has returned with nothing but praise for the working of the mill and the outlook for ore which is even better now than when proven it was there. The mill has been running four days under the supervision of the constructor for the Gallena Iron Works, who installed the mill, and Mr. Baack found nothing that was unsatisfactory in the working of the mill. The ore which is being brought out is of a quality that brings some \$2 more a ton than any other quality on the market. Because of the inability to get water enough to furnish the mill the men have only been working seven hours a day, but a catch-water basin is being figured upon by which they expect to filter the water so that it may be used again, thus being able to work about nine hours. This will be of interest to quite a number of people in this city, who have an interest in the mine.

STATE NOTES

The first case of heat prostration this year occurred at Fond du Lac Thursday, when Miss Grace Lamb was overcome. She was carried into a restaurant, where restoratives were applied.

The mangled body of Julius Syrakowicz of Kenosha was found on the North-Western railway tracks near Greenville on Thursday. The man having been run over and killed by an early morning freight train. Both names were found on envelopes in the victim's clothing.

Several new buildings, nearing completion, at Beloit, are built contrary to the fire ordinances, having veneered fronts instead of solid walls as required. The cause the rebuilding of the structures was out of the question, so the council has ordered that all the owners of the buildings be fined \$10 for the violation of the law and it was resolved that the building regulations be closely adhered to in the future.

Frederick Danton of Fond du Lac, fireman of a North-Western section crew, and the men employed by him had a narrow escape from instant death while working on the road between Peabody and Malone stations. They were on a handcar and had just cuttered a cut when a special passenger train bore down on them. All jumped, and before they had struck the ground the locomotive crashed into the handcar.

The bodies of Fireman George Bell and E. M. Newcombe, killed in the Great Northern railroad wreck near Camden, Wash., on Monday, have been recovered from Diamond lake.

HAVE DECIDED AGAINST DOWIE

Judge Landis Decides That He Can No Longer Be Trustee Of Zion City.

WAS MERELY TRUSTEE, NOT OWNER

Election Is To Be Held Under State Laws Of Illinois To Select New Head Of The Church Affairs.

[BY ASSOCIATED PRESS.] Chicago, July 27.—Judge Landis of the United States district court decided today that John Alexander Dowie does not own Zion City and its industries. Dowie, the court ruled, held the property in trust. Judge Landis refused to appoint Alexander Dowie as the receiver and ordered the election for a general overseer in September next, all the members of the church to have a vote. A suitable provision will be made for Dowie for his services as trustee.

The Decision.—It appears that Dowie, a native of Scotland, where he had received a theological education, came from Australia to the Pacific coast in 1888, and remained there a number of years engaged in church work; from there he came to Chicago and, in 1899, undertook the Zion City enterprise in execution of a scheme conceived by him many years before; that he purchased a vast tract of land, a part of which was subdivided and laid out in park and residence property, provision being made for manufacturing sites; that the grants of building lots, erected houses accommodating 6,000 or 8,000 people; that Dowie constructed school houses and college buildings at a cost of several hundred thousand dollars; and a tabernacle seating 7,000 people; and that a lace factory, soap works, and other industrial enterprises were established to give employment to the inhabitants of Zion City, who were practically all members of the church. The financing of this scheme was accomplished in part by monies received from purchasers of lots under eleven hundred year leases, but a large part of the capital was money contributed to Dowie by persons outside of Zion City.

Dowie's Testimony.—Dowie's testimony, respecting the origin of the property and his relation to it is the quoted as follows: "I acquired this property by the generosity of good people throughout the world; I have looked upon the estate as the result largely of my own good sense under God; the money came in the form of contributions from the same common source—the people all over the world—mostly outside of Zion City. I believe the property to be completely mine to do with as I please, and to interest in it. I consider it, however, that the way in which I have it, binds me absolutely, when I have ceased to control it, to put it in trust in perpetuity for the Christian Catholic Apostolic church so that it shall go down to generations to do good in that line, with the exception of two and one-half per cent, which I think is fair for myself and my family. I did think five per cent, but I have reduced it to two and one-half and am somewhat inclined to reduce it still more."

Waste Paper.—After calling attention to the fact that inasmuch as Voliva's conveyances to Granger were in plain violation of the spirit and intent of Dowie's power of attorney to Voliva, which the court holds, both Voliva and Granger knew, the court said: "As between Dowie, Voliva and Granger those instruments were mere waste paper."

The court then traced Dowie's church career beginning in Australia, down to his work in Zion City, and found that Dowie had for many years been in receipt of a large revenue, which he devoted to church and charity purposes, that the amounts received by him aggregated in some

years \$250,000, that Dowie had not sought to amass a private fortune; but that he engaged in secular occupation in aid of the propagation of his religious doctrine, or, as Dowie expressed it, "For God and Mankind."

A Trust Estate.—The court then says: "It is a well recognized principle of equity that where a person accepts money in property to be used by him for the benefit of some other person or persons, or for the advancement of some lawful enterprise, such money or property constitutes a trust estate."

Private Purse.—The inquiry then is did these offerings come to Dowie for his private purse, or did the contributors intend that the funds should be devoted to charitable or religious uses? If for any other purpose than the purely personal benefit of Dowie, the estate is a trust. It is the duty of the court to get at the substance of the thing, and in ascertaining the purpose of the gift, the court is not limited to an inspection of documents, of other special declarations of the parties made at the time. If their relation is one of confidence, or if he who receives the money is in a position of influence over him who gives the money, as for instance, if the person receiving the money is the advocate of a religious faith and by word and attitude and environment induces a conviction in the minds of large numbers of people that as an instrumentality of Divine authority he can and does relieve physical ills, and is clothed with power to exert an influence upon the spiritual welfare of men and women who thereupon give him of their lands and goods, surely the motive of such gift ought not to be to remain a matter of doubt in the minds of rational men. The fact that such contributions came to him in the form of checks and currency through the mail and express, the contributor omitting to require the execution of a formal declaration of trust, does not tend to divert the transactions of the real character. It is just as if the contributor sitting in a church pew had placed the funds on the collection plate passed to him by a deacon. Surely in such case, the court would not decree that the person might put the money in his pocket on the alleged score of no agreement to the contrary, merely because the contributor had failed to arise in his place and exact a pledge of trusteeship from the pulpit.

It would be difficult to conceive of anything more inherently inconsistent than Dowie's claim of private ownership and his admission of trust obligation for the spiritual welfare of generations unborn. He says it is his own property, and yet he considers that because of the way he got it, he is absolutely bound to turn it over to his successor in perpetuity for the church. Now, if he is to have a successor, that necessarily implies his own representative capacity, for the individual man can have no successor. And if he is to pass it on to his successor, how can he be at liberty to dispose of it otherwise in his lifetime? It, during his lifetime, he came to divide it up among his followers, or part with it for some other use, he may, it is his private fortune, his admitted obligation to future generations would, by his own act, be made impossible, or fulfillment. Obviously the theory advanced in his behalf is not sound.

AMERICAN EXPORTS ARE TO BE ADMITTED INTO SPAIN

New Agreement Has Been Reached Between This Government And Spain In The Matter.

[SPECIAL TO THE GAZETTE.] Washington, D. C., July 27.—Minister Collier at Madrid, Spain, has cabled the State Department that he has completed an agreement with that country whereby American exports to Spain are to be admitted at the tariff rate granted the most favored nations in consideration of a reduction of 25 per cent in the duties imposed upon Spanish specialties, vermouths, champagnes, still wines, artois and paintings and works of art admitted to the United States. Prior to the favor the United States was on the favored nation list with Spain, but the war abrogated all treaties between the United States and Spain. Since the close of hostilities there have been no trade agreements between this country and Spain. Cotton is the chief article of export from this country to Spain, but under the favored nation clause there is no reduction granted by Spain or unmanufactured cotton, and the cotton growers will not profit by the new arrangement entered into by Minister Collier. Tobacco is a large item in the list of Spanish imports from the United States, but all manufactured tobacco is controlled by a corporation which has the tobacco concession, and no tariff rate whatever is quoted on the leaf tobacco, as only the company having the concession imports and the charges are included in the price paid for the right to control tobacco. In 1905 the American unmanufactured tobacco sent to Spain was valued at \$913,655.

TWO THOUSAND AT THE OPENING

SECOND SEASON OF THE JANESVILLE CHAUTAUQUA.

GREAT SUCCESS PROMISED

Rev. W. A. Goebel Heartily Welcomes All and Sounds Keynote of Assembly's Purpose.

Under ideal weather conditions the second season of the Janesville Chautauqua Assembly was opened at Mole's Grove this afternoon. Two thousand people are assembled under the auditorium canopy and pleased with today's program and enthused with the prospects of future numbers have contracted the Chautauqua spirit—the spirit of helpful happiness that tends toward a better life. The grounds

HARRY M. HOLBROOK, "THE CHAUTAUQUA MAN"

are in excellent condition. They have been cleaned thoroughly, some brush has been removed and the slopes of the beautiful grove are verdant.

Father Goebel Extends Welcome

The assembling of the audience commenced during the noon hour, when the street cars and boats began conveying the crowds to the grounds.

At three-thirty the big tent was well filled and the program opened with a concert by the Chicago Glee Club.

This organization, which has remained intact in personnel for the past five seasons, proved one of the best for open-air music. At two o'clock, after prayer by Rev. J. W. Laughlin of the Presbyterian church, Rev. W. A. Goebel of St. Mary's Catholic

church, president of the Chautauqua association, mounted the platform and amid a storm of applause extended a hearty welcome. In a few brief, crisp remarks he sounded the keynote of the assembly's purpose, saying in part:

"It is with pleasure that the city of Janesville extends to you one and all a hearty welcome. The hopes and promises of the first meeting last year were realized and the greatest measure of success was the result. This was due not merely to the officers and those actively connected with this undertaking, but rather to all of our citizens who always declare that a good and deserving project shall and must be a success. The Chautauqua belongs to and depends on you, who give it support and encouragement. The Chautauqua is of the people and for their benefit, education and recreation."

In common with our sister cities, Janesville enjoys all the blessings which the Creator, through a most wonderful and lavish nature, extends to mankind. It enjoys the sunlight and rain, the heat and cold. But there are many advantages peculiar to Janesville alone. There is the noted Rock; the well-kept and attractive homes; the institutions of learning; the splendid temples of worship; the varied industries; the prairies and the hillsides. To all these Janesville has added one more good thing: The Chautauqua.

On the face of the earth there is no country whose citizens, as a body, are so free from religious prejudices and sectarian bias, as ours. We have learned to respect each other's opinions. We enjoy life, liberty and the pursuit of happiness to such an ex-

tent that in other lands our country is termed the temple of liberty. These grand principles light up the road to progress, civilization and Christianity. We are in consequence a most democratic people who can divest themselves of prejudice, religious difference, ambition, and contentions of every kind and are a truly great people, the greatest people on earth. We have our church societies, organizations, clubs and associations, but nowhere do we exercise principles so democratic as at the Chautauqua. Here we exchange ideas, recreate and come together for mutual benefit. Be democratic and be a part of the greatest people on earth.

Last year the "Chautauqua man" impressed on the President's mind that he should make a speech. And he knows how to impress. But others had also been assigned the same task and if I remember rightly nothing short of a terrific storm and downpour could stop the speech-making. The storm was a success and to insure your safety I will briefly say on behalf of Janesville: Welcome to the second annual assembly.

In behalf of the community at large, Attorney A. E. Matheson responded. He expressed the appreciation of the people for the work of the Chautauqua association and promised to this organization the hearty co-operation of the people.

Dr. Hedley's Opening Address

The program proper was opened at half past two o'clock. Alfred L. Flade, who will be remembered well by many who attended the session last year, is platform manager and in a quiet, pleasing and amusing way he introduced Dr. James Hedley. The speaker after a few remarks apropos of the occasion gave his far-known lecture, "Sunny Side of Life." It was fitting, besides being a classic address, filled

with pleasant thoughts. At the close the patrons spread to the side hill on the west and sprinkled about the hills and meadows overlooking the river. At half past four the glee club will give another concert. The majority are remaining for this.

Holbrook All a Hurry

Superintendent Holbrook, arriving here from Sandwich, Ill., this morning and he is on the grounds this afternoon, looking after every end of the entertainment. He has worked incessantly and strenuously since reaching the city and largely through his efforts the Chautauqua has been successfully launched.

TOMORROW

2:00 p. m.—Midday concert, The Chicago Glee Club.

2:30 p. m.—Lecture, "What is a Man Worth," Dr. James Hedley.

4:15 p. m.—Readings by Mr. Dixon, music by the Glee Club.

7:30 p. m.—Twilight concert, The Chicago Glee Club.

8:00 p. m.—Illustrated lecture, "A Trip to Wonderland," Alfred L. Flade.

The above program is an exceedingly attractive one for Saturday. The concerts will allure many to the grounds while all are looking forward to the second address by Dr. Hedley and in Alfred L. Flade's illustrated lecture, "A Trip to Wonderland," much is expected.

Many to Hear Sunday Sunday

Sunday will be the greatest day of the Chautauqua. Besides a very interesting general program there will be "Billy Sunday's great address, 'Base Ball.'" He is the biggest figure on the local program and an enormous attendance is anticipated.

FACTORY GOSSIP OF DULL SEASON

JANESVILLE APPEARS TO BE VERY FORTUNATE.

A BRIEF RESUME IS GIVEN

All the Factories Have Plenty of Work in Prospect for the Coming Year.

Janesville contains quite a number of factories which have their slack time about the months of July and August, but there are some that state that this is the first time in their history that they have not felt the slack season. Such is the case with the Wisconsin Carriage Company. This year the number of men required was not diminished during the hot season. This manufacturing concern reports an excellent year in the past, and further states that it is the best in the history of the corporation. In a few weeks the work of manufacturing sleighs will be commenced. This work is entirely new to the company and several new machines have been installed for that purpose, among which are two new power hammers. The buggy business, which has been very good in the past season, is said to be picking up for the coming year and the business expected will be greatly increased.

Wagonettes and Buses

The Janesville Carriage Company is doing an extensive wagonette and bus business and have recently shipped busses to Montana, Tennessee and Fox Lake. The company is manufacturing a new city bus or coach, which is meeting with great favor, and has just received several orders for the same. Trouble has been caused by the inability to get the skilled labor required, but they report an industrious season and are now running full force. Although general business is done by the concern there are special lines that meet with great favor. The runabout manufactured and kept in stock has had an excellent sale and the gypsy wagon has also been a good seller.

At Machine Company

This is the slack time of the year with the Janesville Machine Company and the men about the plant are engaged in cleaning the factory from top to bottom. Several changes will be made, but no additions have as yet been planned. The machinery about the plant is being overhauled and cleaned and in a short time the company will again be running full force in the manufacture of the farm implements to harvest next season's crops.

At Barb Wire Works

The season at the Janesville Barb Wire Works opened in a slack time, but the year has been better and this company, which has had practically no slack season, expects to open the coming year with a large increase of business.

Whitewater Boys Put It Over Remnant of Local Nine—Score Was Five and Naught.

For the first time the Janesville Eagles were defeated yesterday. Their victorious opponent were the Whitewater boys, a bunch of speedy boys, and they shut out the local team with a score of five and naught. The Bowler City team had a substitute batter, an extra man on first base and a "shift" in the field. The result was disastrous before the well-trained Whitewater team. The victory had an excellent battery and gave the combination the best of support.

PATIENTS GOING TO MARINETTE ASYLUM

Six From That County Who Have Been Inmates of Local Institution for Ten Years Leave This Week.

Four men and two women, who have been inmates of the Rock county insane asylum for ten years past, are to be removed this week to the new asylum at Marinette. All are afflicted beyond hope of recovery and Rock county has cared for them all these years because Marinette county has had no asylum receiving \$33 per week for their board. Recently there has been erected in Marinette county one of the most modern and well-appointed asylums in the state and such expenditures as the \$3,300 for the care of the six patients in Rock county will hereafter be saved. Supt. Kilham has received word that several new patients will be sent here from the asylum at Marinette.

Excursion to Whitefish Bay Via the C. & N. W. Ry. on Wednesday, August 1, for only \$1.50 for the round trip.

H. H. Blanchard A Candidate.

To the Voters of Rock County:

I hereby announce myself as a candidate for the office of district attorney for Rock county, Wisconsin, on the republican ticket, and at the primary election I solicit your support to secure my nomination for said office. Since I became a voter I have voted the republican ticket. My first vote for president of the United States was cast for Abraham Lincoln, and I have voted for every republican nominee for that office since. I was admitted as an attorney to practice in the circuit court of Wisconsin in 1863. I was admitted to practice in the supreme court of Wisconsin in 1872. I have been a member of the Rock County Bar association since 1874 and a member of the State Bar association since 1881. If through your kind assistance I shall be elected to the office of district attorney, I will exert myself to the full extent of my power to discharge the duties of said office. Yours truly,

A LIFE STORY IN CLASSIFIED ADS

CHAPTER I.

By way of a brief introduction we'll say,
A Janesville home was made glad
And a childless young couple made happy
one day,
Through a Gazette Classified Ad.

The ad was as follows: "A baby boy bright,
A lonely young couple desires.
His training will be in paths that are right,
Such as every young hopeful requires."

The ad brought the baby and happiness too—
Our story has now but begun,
His history in chapters we'll publish for you,
Each day in this space you'll find one.

(To be continued tomorrow.)

...FORTY YEARS AGO...

Janesville Daily Gazette, Friday, July 27, 1906.—Sent Up.—Two boys complained of for vagrancy were placed before Justice Hudson this morning to have their cases passed upon. Before the examination was concluded it was ascertained that one of them had stolen a watch. He was immediately put upon trial for this offense, found guilty, and sent to jail. The other was sent to jail for vagrancy, but has since been released and has gone to work for a man in the country.

Condition of Our Business Streets.—If our main business streets are not to become wholly impassable, the time is not distant when there will

have to be a thorough and radical improvement in them. They are now full of ruts and holes which place anything like moderately fast driving over them. Indeed any man who is rash enough to drive faster than a walk is regarded as entirely reckless as to the rate of his vehicle. Now this state of things is discreditable to the city and ought to be remedied. One may go to find any town of its size and importance where such poor streets are tolerated. Even those that have no pretensions to being paved are in many instances rough and in wretched condition. This subject will command attention soon by its very urgency.

The Coldest Yet.
In liquefying helium, the last of the gases that have been thought to be permanent, Olszewski has reached a temperature of 271.3 degrees below zero Centigrade. This is a cold about 11 degrees greater than Dewar obtained three years ago in liquefying hydrogen, and is within about 2 degrees of the supposed absolute zero. The question has now been raised whether 273.7 degrees below the freezing point of water is really the absolute zero.

Why He Liked Venice.

Marion Crawford recently gave a dinner in Rome, and during the dinner the talk turned to Venice.

There is a young woman from Du-

luth, Mr. Crawford said, "whom I met one bright October morning in Sorrento. She told me that she was touring Italy with her father. She said her father had liked all the Italian cities, but especially Venice."

"Ah, Venice, to be sure," said I. I can readily understand that your father would prefer Venice, with the gondolas, and St. Mark's and Michael Angelo.

"Oh, no," said the young lady, "it wasn't that. But he could sit in the hotel, you know, and look out of the window."

This Proposition Is Now Up

Can we longer afford to overlook the fact that we can secure the very best of dental service at about half the rates we have been paying? Dr. Richards of Janesville, the independent dentist, says he would be delighted to have his work (put out at a modest price) compared with work done by others at possibly double his prices. He affirms that the comparison will establish the fact that his work is good in every respect. His work is lasting. His work is done thoroughly. His work is substantial and, in fact, not excelled by that of any other local dentist.

In addition to the reasonableness of his prices, he gives close attention to patients' work. Now see what you get by having him do your dental work.

SEINING CARP AT LAKE KOSHKONONG

COST ONE DOLLAR A TON, SELL TWO CENTS A POUND.

ARE SHIPPED TO NEW YORK

Four Thousand Pounds Not Considered a Large Haul by the Fishermen.

Are residents of the east eating Koshkonong carp? Labeled as salmon, this is a question that both the residents along the shores of Lake Koshkonong and the fishermen have been asking. Hundreds of thousands of these fish have been taken out in the past two years but still the number does not seem to diminish. Huge nets a quarter of a mile long are used, with the aid of fishing dories, and a launch and the entire lake swept to some convenient beach where the nets are drawn in and the fish, loaded in the tank boats and then packed in ice and shipped to New York city where they bring two cents a pound.

Pay the State. In order to see that no game fish are seized by mistake a game warden is on duty with the fishermen all the time. These fishermen pay the state one dollar a ton for the carp and this pays the game warden's salary. Of course hundreds of game fish are caught in the net but there are all thrown back into the lake before the loading commences. Many of them however, so badly injured that they die shortly afterwards. Just what these carp are used for seems to be a mystery. Perhaps a pure food inspection of New York markets would reveal their true destination but the impression seems to be that they are turned into a cheap grade of salmon or are sold on the ghetto market of the metropolis.

Huge Hauls. On Wednesday last a huge haul amounting to some four thousand pounds, roughly estimated, was made at Koshkonong. The big nets were strung early in the day across the mouth of the river, and then swept up the lake to a point just above Hoard's hotel where the net was gradually dragged into shallow water and the fish congested into close quarters. As the men pulled the nets in the big fish could be seen thrashing the water in foam and fighting for liberty. Some big fellows would leap clear over the top of the net but they were few compared with the haul itself. Gradually the compass narrowed until fifty feet square would cover the inside of the net and then the nets were gathered together, top and bottom and gradually this space was eliminated until the sides of the tank boats were reached when the fishermen piled the fish into the hold as though they were cord wood.

Game Fish Few. Some bass, silver and white, a few pickerel and a pike or so were in the nets and these were promptly thrown back. There were a large number of turbot but these crawled to safety unassisted much to the disappointment of the small boys who stood watching. A crew of nine men seemed to be necessary to accomplish the work at hand. These men were in the water up to their arms pits most of the time and seemed to enjoy the sport. It is good living wages for the fishermen but mighty hard work and where one big cast is made several others will sometimes result in small returns.

CASHED ORDER MADE OUT TO ANOTHER MAN

This is the Charge Made Against a Beloit Stranger Who Visited Local Saloon Last Night.

Last night a stranger from Beloit, who visited the Dalton saloon (on West Milwaukee street, indorsed and succeeded in cashing an order made out by the Fairbanks-Morse Co. to an employee named Ward. It was subsequently learned that an order for the same amount had been stolen from the pockets of a man of the same name. City Marshal Appleby expected to go to Beloit this afternoon in company with the bartender and make an effort to locate the alleged forger.

FIRST PLANS FOR FOURTH NEXT YEAR

Unless City Celebrates the Spanish-American War Veterans Will Have Military Fete.

If the business-men of the city do not arrange a celebration for the fourth of July next year the newly organized Harry L. Gifford Camp, Spanish American War Veterans, will make plans for a grand military fete on that day. A regular meeting of the society was held last evening and the proposition for such an event was made. The general plan as outlined was to invite militia companies from several cities about the state. These, which would number about one thousand, would furnish the crowning feature of the program—a sham battle. The fair grounds would be the field of strife and Janesville would be treated to the first spectacle of this kind in her history.

NEW HAY COMBUSTED AND FIRE RESULTED

Dwelling and Farm Buildings of John Jones at Emerald Grove Totally Destroyed.

New hay, stored in the mow of a barn on the farm of John Jones at Emerald Grove, caught fire from spontaneous combustion this morning and the flames totally destroyed all the buildings, including the dwelling house, on the place. Before being discovered the blaze had made good headway in the barn and all the efforts of the entire community could not prevent its spreading to the surrounding structures. It is disposable as yet to estimate the loss, as much of the contents of the buildings was not saved.

BEACH DESPOILED WHILE IN THE JAIL

Burglars Entered His Home in Spring Valley While Mental Condition Was Being Examined Here.

During the incarceration of Alexander Beach in the county jail this week, pending an examination of his mental condition which resulted in his release, burglars went through his home in Spring Valley and appropriated some costly and valuable instruments and other articles of value. Mr. Beach has telephoned particulars and it is just possible that an arrest will follow. The work is not supposed to have been done by professionals. Talent nearer home is suspected.

LOCAL PARAGRAPHS

Milton Avenue a Speedway. To City Marshal Appleby Dr. Charles T. Pierce complained bitterly this morning of the automobiles speeding on Milton avenue, particularly after dark. He mentioned several parties, but when asked to swear out complaints against them, refused to do so. Dr. Pierce has two little children and the scorching whizz-carts gives him constant anxiety.

Auto Party Stranded. While on the way to Lake Koshkonong yesterday the touring car occupied by Norman Carle and a party, consisting of George McKee, Ogden H. Peters, V. P. Richardson and others broke down and the wagons found it necessary to tramp several miles to Edgerton.

Tied Can to Dog's Tail. President Richard Valentine of the Humane Society is seeking to discover the identity of the group of cruel and heartless boys who tied a can to the tail of a little brown cocker spaniel somewhere in the vicinity of Ryan's livery stable yesterday afternoon. As the little creature sped down Milwaukee street and rounded the corner onto Main the can swung round in a telephone pole and gave him a jerk which almost tore the caudal appendage from his body. If the guilty parties are discovered the Humane Society promises to make things interesting for them in court.

Large Business in Leaf. Paul Bagley of the Detroit tobacco concern of J. J. Bagley & Co. is expected here Saturday. The concern is preparing to handle 3,000,000 pounds of leaf in Janesville, Stoughton and Edgerton. D. Steinberg of New York City and M. Dembo of Syracuse, prominent tobacco men are in the city today.

Mock Trial Interesting. The mock trial conducted by the Ben Hur lodge at East Side Odd Fellows hall last evening proved very interesting to a large crowd of spectators. Deputy W. C. Cannon was the prisoner and he was charged with attempting to gain admittance to the lodge without being a member of the same. Dr. Webster was prosecuting attorney, Charles H. Velt and Louis Morrison, attorneys for the defense, and Mr. Carle, judge. The jury found the prisoner guilty and a social session of the lodge followed.

Mrs. George Louf, of Howell, Mich., who has been the guest of her daughter, Mrs. W. H. Lake, returned home this morning. Miss Gertrude Lake will meet her in Grand Rapids and accompany her.

Cleveland's Distinction. Only one of the first 14 cities, in order of population, in the United States was named after a man. That city is Cleveland, O.

INTERESTING LETTER

WRITTEN BY A NOTABLE WOMAN

Mrs. Sarah Kellogg of Denver, Colorado, of the Woman's Relief Corps, sends thanks to Mrs. Pinkham.

The following letter was written by Mrs. Kellogg, of 1623 Lincoln Ave., Denver, Col., to Mrs. Pinkham, Lynn, Mass.: Dear Mrs. Pinkham:

"For five years I was troubled with a tumor, which kept growing, causing me intense agony, and great mental depression. I was unable to attend to my house work, and life became a burden to me. I was confined to my bed, lost my appetite, my courage and all hope."

"I could not bear to think of an operation, and in my distress I tried every remedy which I thought would be of any use to me, and reading of the case of Lydia E. Pinkham's Vegetable Compound to sick women decided to give it a trial. I felt so discouraged that I had little hope of recovery, and when I began to feel better, after the second week, thought it only meant temporary relief, but to my great surprise I found that I kept gaining, while the tumor lessened in size."

"The compound continued to build up my general health and the tumor seemed to be absorbed, until, in seven months, the tumor was entirely gone and I was well again. I am so thankful for my recovery that I ask you to publish my letter in newspapers, so other women may know of the wonderful curative powers of Lydia E. Pinkham's Vegetable Compound."

"When women are troubled with irregular or painful periods, weakness, displacement or ulceration of the female organs, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles."

"No other medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of cures of female ills."

Mrs. Pinkham invites all sick women to write her for advice. She is daughter-in-law of Lydia E. Pinkham and, for twenty-five years under her direction and since her decease has been advising sick women free of charge. She has guided thousands to health. Address, Lynn, Mass."

Remember that it is Lydia E. Pinkham's Vegetable Compound that is curing women, and don't allow any druggist to sell you anything else in its place."

BRYAN SUGGESTS PLAIN RECEPTION

SIMPLICITY TO MARK MADISON SQUARE GARDEN AFFAIR.

Nebraska Urges Expense Be Borne by Popular Contributions of From One to Fifty Dollars—Tainted Money to Be Rejected.

There will be some expense, and the committee must see to it that no money is accepted from questionable sources, in fact, I think it would be well to announce that the expense would be borne by popular subscription, dollar subscriptions being preferable, but that larger subscriptions would be received up to \$50, none being received over that. Also, announce that subscriptions of five dollars, or more than five dollars, would be entered in a book and the names given to anyone desiring them. Subscriptions of less than five dollars would not be made known, without the expressed consent of the subscriber.

Surplus for Printing will be made as inexpensive as possible, and that any surplus over and above the expenses of the reception will be used to print and circulate the speeches delivered at the reception.

I think the publication of the subscriptions is an important thing. The Republicans have failed to pass any effective law in regard to campaign contributions, and this will be a good rebuke to them, and will foreshadow the adoption of such a policy by our next campaign committee.

You can say, if you like, that I asked to have this plan adopted.

The executive committee held its first meeting Thursday. Norman E. Mack, of Buffalo, presided. Charles F. Murphy and John Fox, of New York, and David R. Francis, of Missouri, were elected members.

Alexander Troup was elected treasurer to succeed Nathan Strauss, who was unable to serve.

Mr. Bryan's suggestion as to the method of securing funds for the reception was approved, and a sub-committee on finance appointed, consisting of Alexander Troup, Nathan Strauss, D. J. Campau, of Michigan, Francis Burton Harrison and Lewis Nixon.

It was announced that the railroads have agreed to give a half-rate, plus two dollars, for round-trip tickets to New York from all over the country.

To Aid at Reception.

Various names were added to the reception committee, including that of Adlai E. Stevenson.

On motion of Josiah Quincy, of Massachusetts, the committee from the Anti-Imperialist League of that state was added to the reception committee. William Watson, the assistant, sergeant-at-arms of the house of representatives, was made sergeant-at-arms of the reception.

Mr. Bryan is scheduled to arrive in port on August 29, but he will go aboard a yacht and will not land until August 30, at four p. m., when he will be driven up Broadway to Central Park and back to the Victoria hotel. A series of receptions is to follow the one at Madison Square Garden.

Mr. Bryan's first out of town trip will be New Haven, and it is said he will speak from the identical spot where he was interrupted by Yale students on one occasion.

WHEAT AND FLOUR RATES CUT

Tariff from Omaha and Kansas City Reduced to Eight Cents.

Omaha, Neb., July 27.—The announcement was made here Thursday that the Milwaukee road will make a rate of eight cents on wheat and flour from Omaha and Kansas City to Chicago, to run from July 30 to August 29.

The rate was 10 cents, and it is said the cut is made because the Rock Island recently announced an eight cent rate on export flour.

Assistant General Freight Agent Phillip of the Missouri Pacific said that his road had decided to meet the Milwaukee's action with a cut of 2 cents on rates to St. Louis and Gulf points.

Hearst for Governor.

New York, July 27.—The Press says William R. Hearst will be nominated for governor in Carnegie hall on Tuesday, September 11, or on the following day. At the close of the convention the nomination will be tendered to Mr. Hearst at a mass meeting in Madison Square garden.

Opposes Freak Yachts.

Detroit, Mich., July 27.—The Country club, through a resolution, barred itself from competing for the Lipton cup yacht races for 21 footers in Lake Michigan beginning August 15. The resolution was aimed against competing with freak craft.

Two hundred delegates are in attendance at the second convention of the Young Peoples Societies of the German Evangelical Synod of North America at Buffalo.

Not in His Dominion.

The scientist Karachoff was working in his study, when a servant burst into his room, saying that the house was on fire. "Go and tell your mistress," replied the great man. "I do not mix myself in the affairs of the house."—La Risata.

World's Largest Flower.

The largest flower in the world has been supposed to be that of rafflesia arnoldi, which forms the entire plant and grows to a diameter of three feet as a flat, circular parasite on trees in Java and Sumatra, but still larger single specimens of which weigh as much as 22 pounds have been reported to exist in Mindanao, one of the Philippines.

England's Great Seal.

The lord chancellor is custodian of England's "great seal," which, in one month, uses up more than four hundredweight of sealing wax.

Official Notice No. 36.

Notice to Contractors—Sewer, Water and Gas Service Pipes.

Published by the authority of the common council of the city of Janesville.

Office of the street assessment committee, City of Janesville, Wis., July 21, 1906.

Sealed proposals will be received at this office until the 28th of July, 1906, at 2:00 p. m., for furnishing all the material and doing all the work necessary and required to construct and lay lateral sewers, drains and water and gas service pipes from the main sewers, water and gas mains to the curb line on each side of north and south River street from the north side of Pleasant street to the north side of the West Side fire station, in accordance with the plans and specifications adopted hereof and on file in the office of the city clerk of said city for the inspection of bidders.

The said work shall be commenced and fully completed prior to the laying of the brick pavement ordered to be laid upon said streets, falling in which the contractor shall pay to the city of Janesville, as liquidated damages, the sum of three dollars per day for each sewer, water or gas service pipe not completed, as aforesaid, after receiving notice to construct the same. Proposals must be accompanied by a certified check for \$100.00, made payable to the treasurer of said city, and to be forfeited if the bidder fails to sign the contract and provide the bond required for said work, within five days after being notified of the acceptance of such proposal. The contractor shall give a bond in the sum of one hundred dollars, signed by two sureties and subject to the approval of the undersigned. All bids must be written upon the blanks prepared by the undersigned for the purpose. Bids failing to comply with the above requirements will not be considered.

N. B. Blanks for proposals will be furnished on application to the city clerk. Copy of contract and bond which the contractor will be required to sign, are on file in the city clerk's office. Address bids as follows: "Street Assessment Committee, Bid for Laying Service Pipes," and file the same with the city clerk.

The street assessment committee reserves the right to permit the owners or occupants of the premises fronting on said streets to do said work on any part thereof and also the right to reject any and all bids.

Signed,

F. H. HUTCHINSON, C. V. KIRCH, JOHN J. SHERIDAN, J. J. DULIN, W. H. MERRITT, Street Assessment Committee.

HAVE DECIDED AGAINST DOWIE

(Continued from page 1.)

After quoting from Dowie's official publication, *Leaves of Healing*, to show that for six or seven years Dowie had declared, in the church and through the paper that he was a trustee of the estate, ninety-five per cent of which he asserted, belonged to "Zion as a whole," the court quotes a codicil to Dowie's will executed in Aug. 1905, as follows:

His Statement.

"The remaining nineteen-twentieths of said estate, in my name, which I hold and have held in trust, in said church, I do hereby give, devise and bequeath to my said successor in office to him or her and his or her successors in office, to be so administered or said church and the extension of Zion, and the Kingdom of God in conformity with the rule and practices of said church."

"Of this codicil, the court says: 'There is no escape from the plain meaning of these words; the declaration is unqualified and is a complete recognition of an existing trust obligation. No specious construction could make anything else out of it, and for the court to enter a decree of private ownership would be to perpetuate a fraud.'"

"As to who should be receiver, the decision says:

"It is strongly insisted by Voliva and his associates that the defendant Granger be continued in charge. This appointment, it is asserted, is an absolute necessity. I do not concur in this proposition. Waiting all questions as to Granger's fitness from the standpoint of business ability, sometime ago he took a vow from which I quote the following:

His Oath.

"I vow in the name of God my Father, and of Jesus Christ, His son, and my Saviour, and the Holy Ghost, that I recognize John Alexander Dowie, general overseer in his three-fold prophetic office as a messenger of the Covenant, the Prophet foretold by Moses and Elijah the Restorer; and I promise to obey all rightful orders issued by him, and that all family ties and obligations and all relations to all human governments shall be held subordinate to this vow. This I make in the presence of God."

The court says of this vow: "It is not my duty to express my contempt for the man that could exact or take this oath. But I am not obliged to repose my confidence in a man so constituted that, living in this republic, he would serenely vow his readiness at all times to abandon his family and betray his country. I will not appoint Alexander Granger. And in this connection while I make no pretense to technical learning in respect to what is good policy for this church organization, I suggest that whoever ultimately prevails in the ecclesiastical controversy, give prompt and serious consideration to the question, whether or not such an oath tends to give respectability to the church, and whether the church may justly expect a court of the United States to long continue to foster a trust estate for the use of a religious organization whose conscience and intelligence does not cause an unconditional disclaimer and abandonment of the obligation of this oath."

Orders Election.

The court ordered an election to be held on the third Tuesday of September of a general overseer, under the election laws of Illinois, at which all male and female members of the church residing at Zion City and who have continuously resided there since January 1, 1906, shall be entitled to one vote; the judges of election to be named by the county court of Cook county; the names of persons to be voted for to be certified to the United States District Court within ten days. If no more than one name shall be certified, the court will, in dealing with the trust estate, recognize such person as the legally chosen general overseer of the church. If more than one name is certified, such persons shall have the use of the tabernacle at Zion City alternately up to the time of election. During such time the publication known as *Leaves of Healing* will be suspended, but the court orders a special edition to be gotten out at once containing the decision of the court in full, and directs that a copy of such publication be sent to all persons to whom the *Leaves of Healing* has been forwarded or delivered since March 31, 1906.

The court said that he would provide for Dowie inasmuch as the present value of the estate far exceeds the actual amount of contributions and offerings made a suitable provision for Dowie for his services as trustee. The amount the court said, would be determined later.

Receiver Appointed.

John C. Hately was today appointed receiver of Zion. His bonds were placed at \$25,000. The adjudication in bankruptcy proceedings against Dowie was set aside. The effect of the decision is to place the industrial affairs of Zion City in the hands of the court through the agency of Hately, while the church's spiritual matters will come under the supervision of the overseer to be elected in September.
